**Atlanta Motorsports Park - Dawsonville, GA  
New track under development in North Georgia**

Jermey Porter gave Motorsport America a tour of the future Atlanta Motorsports Park located in Dawson County, 33 miles from Alpharetta.

Designed to be the first in terms of technology, environmental concerns and racing - the private track will be the first of its kind to implement practices for a eco-friendly facility. With the "Green" approach to building and maintaining the track, Atlanta Motorsports Park has already captured international attention, with a German firm heading up the track development.

With plans of a professional style track for its members-only racing community, it will have Clubhouse amenities Road Course amenities, garage rentals and a Pro Shop.

Look for our expanded article about the Atlanta Motorsports Park in our August issue. For more information about Atlanta Motorsports Park, visit [www.atlantamotorsportspark.com](http://www.atlantamotorsportspark.com). Photos by Fred Hanyon, MSA.
