

Atlanta Motorsports Park- Programs and Road Course Information

Motorsports Programs

- **Performance Driving** – Members will drive their performance vehicles the way they were meant to be driven, on a private road course that includes not one, but two nearly 2,000 foot straight-aways.
- **Supercar Rentals** - Members will be able to rent exotic sports cars like Lamborghinis, Ferraris, and more.
- **Safe Driver Education** – Atlanta Motorsports Park will offer a number of safe driver and performance driving education programs for members.
- **Karting** - Members and their families will be able to race side by side in one of racing's favorite and most fun pastimes.
- **Super Bike** – Super Bike enthusiasts will feel like pros as they dip in and out of the many turns on any one of the road course's fifteen configurations.
- **Super Moto** – Sections of the Karting course will be combined with an off-road section of the infield to create an unparalleled on/off road bike experience.
- **Drifting** – Newer to racing, “drifting” pushes drivers to the brink of control. The popular Japanese racing sport will be an exciting addition at Atlanta Motorsports Park.

Road Course Highlights

Each day on the course will be a new experience. At any one time, members could be enjoying time trials in their new sports car, watching a family member blaze through corners in a kart, or updating their driving knowledge in one of Atlanta Motorsports Park's many drivers' education programs.

- 3.14 miles of high performance road course
- Two straight-aways nearly 2,000 feet each
- More than 100 feet of elevation change
- 15 possible road course configurations
- Flexibility to operate three separate driving courses simultaneously
- Longest configuration is 2.77 miles (Outer Loop)
